NOTICE: This application form is authorized by section 283.37, Wis. Stats., and Chapters NR 151 and 216, Wis. Adm. Code. Personally identifiable information on this form may be used for other program purposes and may be made available to requestors under Wisconsin's Public Records laws and be posted on the Department's Internet site.

Instructions: Complete the following for all permit applications. If additional space is needed to respond to a question, attach additional pages. Provide descriptions below that explain the program activities that you expect to develop and implement to comply with the Municipal Separate Storm Sewer System (MS4) general permit (<http://dnr.wi.gov/org/water/wm/nps/stormwater/muni.htm>). Section 3 of the MS4 general permit contains the compliance schedules that direct when the individual program activities need to be developed and submitted to the Department for review. The detailed programs that are developed and submitted to the Department for review may deviate from the program activities described below if necessary. The descriptions provided below are necessary for the Department to verify that the municipality's program activities comply with the permit.

<input type="checkbox"/>	<input checked="" type="checkbox"/>	Do you believe that the MS4 may be eligible for this potential exemption?

Section VI: Summary of Municipal Storm Water Program Activities

Describe the programs or activities the municipality is doing or will do to comply with the requirements of the MS4 general permit. Attach additional pages if necessary.

A. Public Education and Outreach

Describe the public education and outreach program activities that the municipality will implement to comply with section 2.1 of the MS4 general permit.

Public education and outreach requirements will be attained through the continued use of quarterly or semi-annual newsletters to all City residents. Information about the proper management of materials that may cause storm water pollution, reuse of leaves and grass clippings, proper use of pesticides and fertilizer and other notices as may be required by the permit will be posted on the city's website and updated annually. The schedule for implementation will be as outlined in the issued WPDES Permit.

B. Public Involvement and Participation

Describe the public involvement and participation program activities that the municipality will promote to comply with section 2.2 of the MS4 general permit.

The City's Planning Commission reviews subdivision and commercial development plans. Planning Commission meeting dates and times are posted. These meetings are open to the public. As development of a Stormwater Management Ordinance progresses the public will be invited to attend meetings with the opportunity for their input. Implementation of the Public Involvement and Participation program will follow the compliance schedule listed in the WPDES Permit.

C. Illicit Discharge Detection & Elimination

Describe the illicit discharge detection and elimination program authority and activities that the municipality will develop and implement to comply with section 2.3 of the MS4 general permit.

The City of Mosinee shall enact an ordinance that prohibits the discharge, spilling or dumping of non-storm water substances into the storm sewer system. The ordinance shall contain provisions to penalize violators of the ordinance. Inspection and enforcement authority shall also be addressed by the ordinance.

A written program shall be developed that outlines storm sewer inspection procedures, frequency of outfall inspections, identification of non-storm water discharges, a procedure for analyzing dry weather outfall flows, procedures for responding to known illicit discharges and a DNR notification procedure.

Implementation of the Illicit Discharge Detection and Elimination ordinance and follow-up screening and inspections will follow the compliance schedule listed in the issued WPDES permit.

D. Construction Site Pollution Control

Describe the construction site pollutant control program authority and activities that the municipality will develop and implement to comply with section 2.4 of the MS4 general permit.

The City of Mosinee shall use Dept. of Natural Resources and Dept. of Commerce guidelines to develop a construction site pollution control ordinance that shall pertain to all construction sites not governed by the Dept. of Natural Resources or the Dept. of Commerce.

New residential and commercial construction sites will be required to submit an erosion control plan and stormwater management plans as part of the building permit process. Inspections of the property will be made throughout the construction process to insure compliance with the erosion control plan.

Implementation of the construction site pollution control program will follow the compliance schedule listed in the issued WPDES Permit.

E. Post-Construction Site Storm Water Management

Describe the post-construction storm water management program authority and activities that the municipality will develop and implement to comply with section 2.5 of the MS4 general permit.

As part of the City's proposed Stormwater Management ordinance a section relating to post-construction storm water management shall be developed. This section shall address stormwater discharges from areas of new development and redevelopment after construction is completed. Implementation of the post-construction storm water management program shall follow the compliance schedule listed in the WPDES permit.

F. Pollution Prevention

Describe the pollution prevention program activities that the municipality will implement to comply with section 2.6 of the MS4 general permit.

A pollution prevention program shall be developed that addresses the concerns listed in the WPDES permit. Implementation of the pollution program shall follow the compliance schedule listed in the WPDES permit.

Section VII: Certification

Certification: I hereby certify that I am an authorized representative of the municipality that is the subject of this application for general permit coverage, and that the information provided is true and complete, to the best of my knowledge. I understand that Wisconsin law provides severe penalties for submitting false information.
